JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

FOREIGN AND INSULAR.

Report from Rio de Janeiro—Inspection of vessels—Plague and smallpox—Plague in Campos.

Acting Assistant Surgeon Stewart reports, August 28, as follows:
Week ended August 25, 1906. Vessels inspected and received bills of health as follows:

On the 24th instant the British steamship *Woodfield*, for New York, in water ballast, with no passengers and with no change in the personnel of the crew while in this port; on the 25th instant the Brazilian steamship *Goyaz*, for New York, via Brazilian ports and the West Indies, with 2 first-class and no steerage passengers—the whole crew was shipped here, as this is a Brazilian vessel belonging to the Lloyd Brazilian Line and the first one of a monthly service just inaugurated between this port and New York.

Mortality report from City of Rio de Janeiro.—Week ended August 26, 1906. Total deaths, 223. No cases nor deaths from yellow fever, no deaths from variola, but 2 new cases; plague, 2 new cases and 2 deaths.

At the close of the week there were 1 case of variola and 1 case of plague, with 7 cases of suspicious illness under observation in the Hospital São Sebastião. It is now nearly four weeks since there has been a case or death from yellow fever in this city.

The plague outbreak in Campos.—The last obtainable reports of this outbreak are as follows: On the 26th instant there were 3 new cases, with a total of 10 cases undergoing treatment in the pest house; on the following day there was 1 new case, with 10 cases, reported as being very serious as regards the intensity of the infection, undergoing treatment in the pest house.

BRITISH HONDURAS.
